O. Henry Wilkes, Jr.

1969 ECHO

Dunn High School
Dunn, North Carolina

Henry,
as far as years are concerned, this has been a great one. I still haven't figured out what course Mrs. Bridger is trying to teach us. You are indeed a very lucky fellow. This year you were able to witness the outbreak of a new fad, "The Melancholy Minstrels". If you ever need anyone to back you up, we'll be available. (however, we are a profitable organization). As I have come to know you better in the last 2 or 3 years, I have come to realize what a great fellow you are. It's been a pleasure to have been your friend. Here's the best of luck to a great young man and a talented fellow.

This Was Our Year . . .

P.S. Keep in touch
this summer!

Your friend and mine,
Johnny

Henry

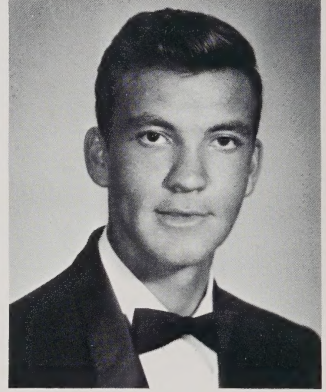

This have been a nice year
with you and the white teenage was
all right to me. And you Henry
is a nice person to me.
This year was our year.

Henry,

I wish you the best of luck
in the future, and have a nice

Fans "crowded" the gym to see our GREAT teams excel on the hardwood.

"Now where was I? Oh, yes! Two plus two does equal four."

Mrs. Purdie and Mrs. Wilson react to Mr. Driver's joke; Mrs. Tew thinks (?) about it.

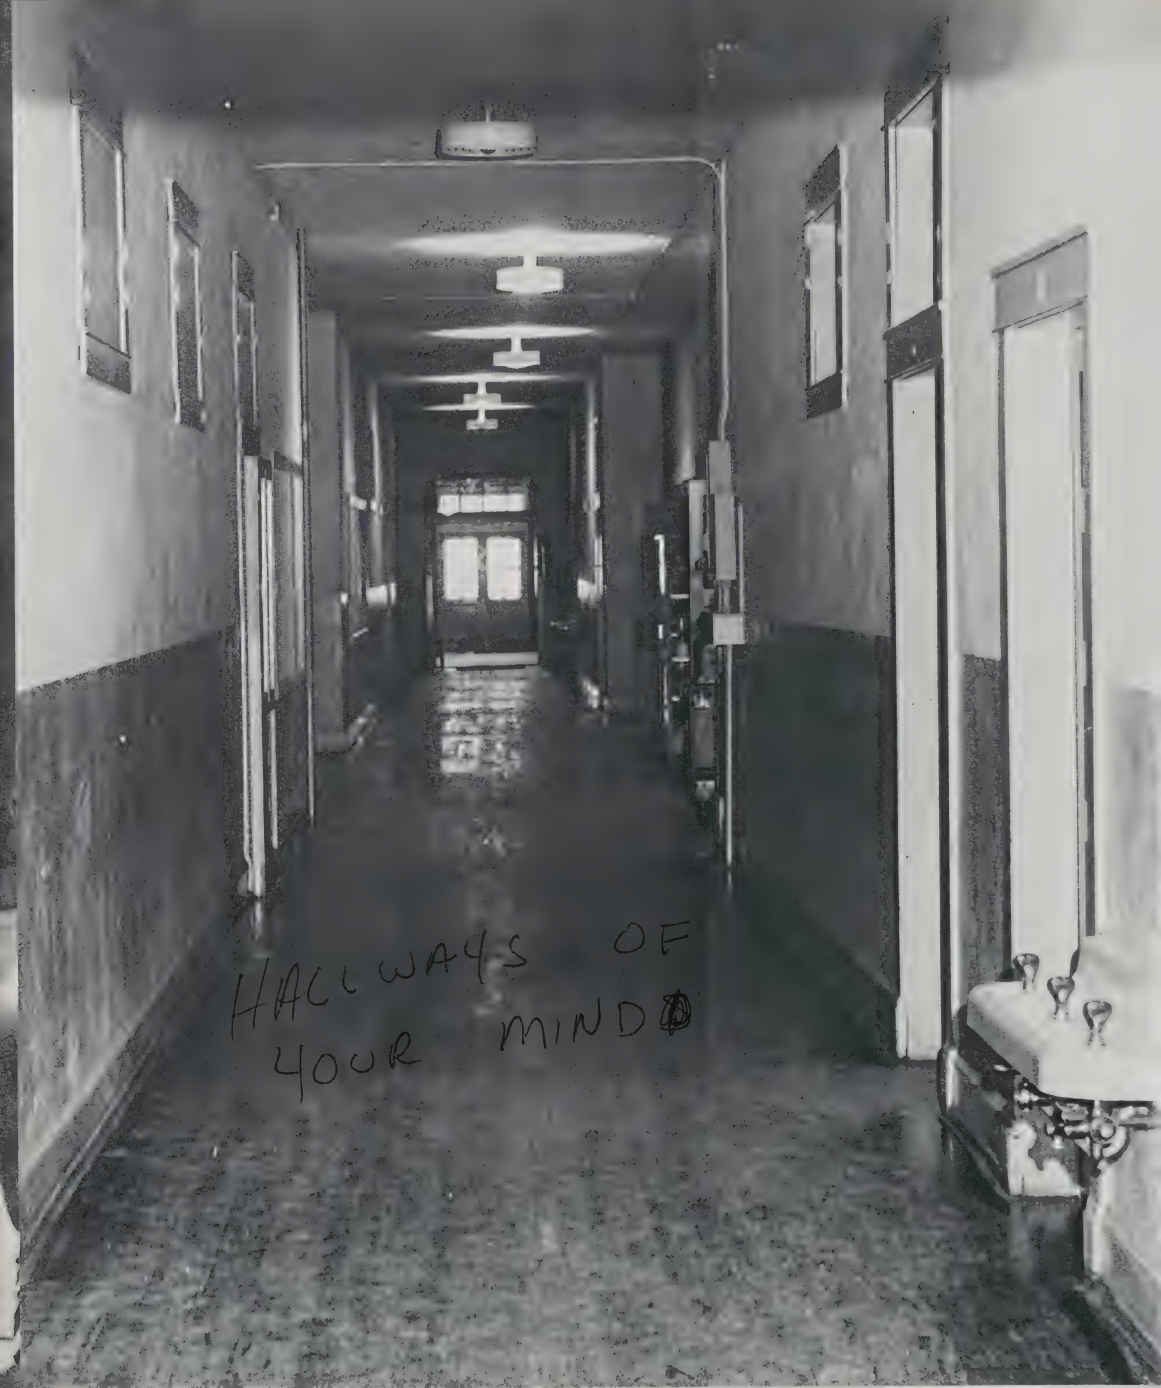

A smiling (?) teacher greets every class.

Engine in the rear?

HALLWAYS OF
YOUR MIND

Through silent halls
pass our memories . . .

Henry,
 You're the kind
 of guy the the
 world needs
 more of. The
 easy going manner
 you have
 makes your

 I am proud to
 be a friend to
 such a person
 of distinction.
 I know that
 we're bound
 to run in to

 and I will be
 glad of that.

 of thanks for your

English

All of the Juniors were agog with the thoughts of thirteen blubber chapters in **Moby Dick**.

The violence of Macbeth and the tragedy of **The Return of the Native** are symbolic of English IV classes.

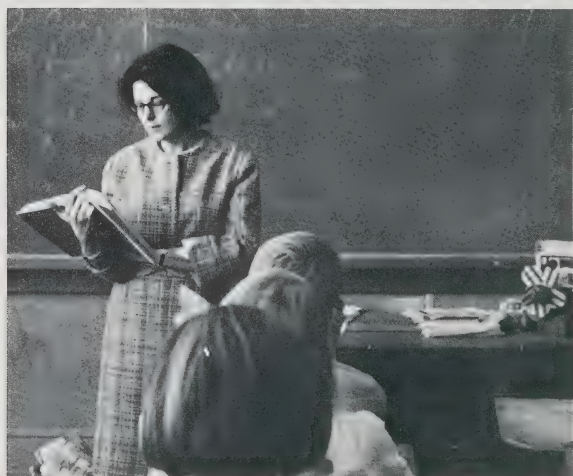

Mrs. Polly Purdie displays her dramatic abilities during another jam-session.

The Freshmen of Mrs. Clark's English class encounter the first of many obstacles.

French

Les Etudiants essayent de ne pas dormir dans le classe de Francais III.

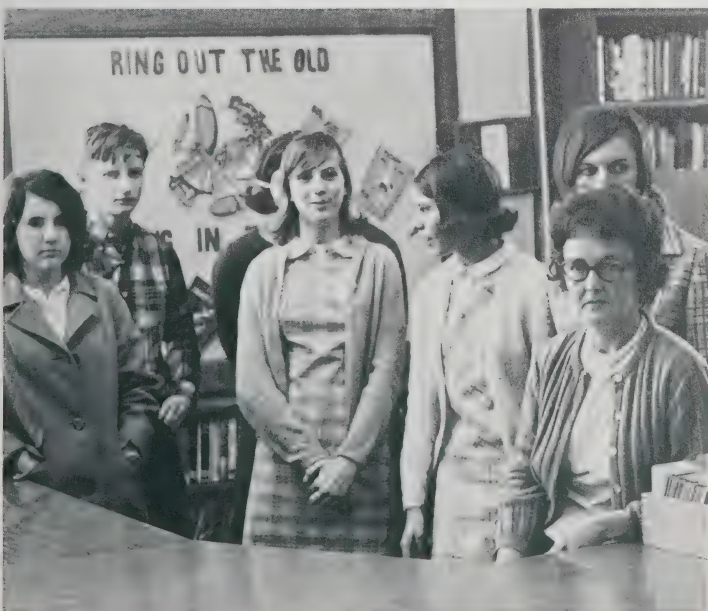

"Bonjour." French I students begin a long journey.

French II students learn how to use proper French grammar.

Students timidly ask permission to read the magazines.

We are fortunate to have access to so complete a library . . . one that is orderly and up-to-date. Now students may take their choice of reference books from the I.G. Dixon Room.

Library

Library Helpers: Pam Jones, Kim Stargel, Gail Norris, Jo Ann Hawley, Doris Warren, Wanda Fairecloth, Mrs. Myers, librarian.

I expect great
things from
you, Henry, I
do enjoy you.
I treasure your
friendship

Math IV - The class which requires a 93 average to ask a question and a 97 average to comprehend the answer.

Algebra I students endeavor to comprehend the abstruse fundamentals of their first introduction to trigonometry.

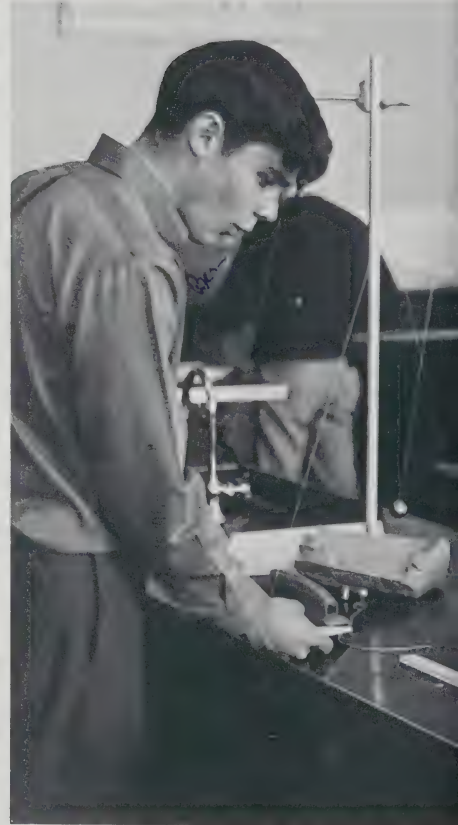

Mrs. Osborne, what's that airplane doing in your hair?

Mathematics

The students "slide rule" their way through Algebra II.

Students experiment using laws of

physics to reach new experimental conclusions.

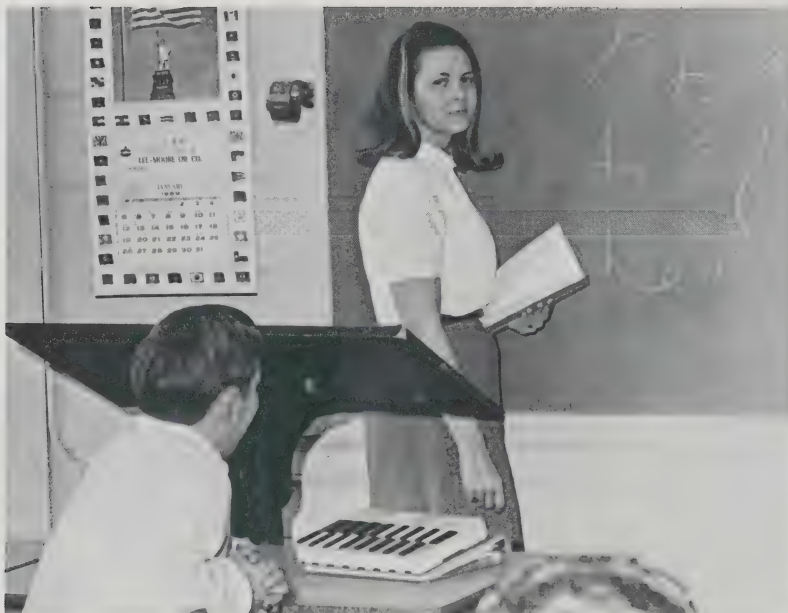

Science

Our science department is hard to believe this year. We are equipped with the most advanced technological laboratories and are privileged to maintain one of the world's most outstanding scientist and physicist. Mentally alert students are able to develop their scientific potential to the fullest and thereby are preparing for even more advanced training in the varied universities throughout the country. This is just the beginning of their future endeavors of service to mankind.

Shorthand students learn to write in a code, preparing for college notes.

Typing I students endure many headaches trying to obtain coordination.

Business

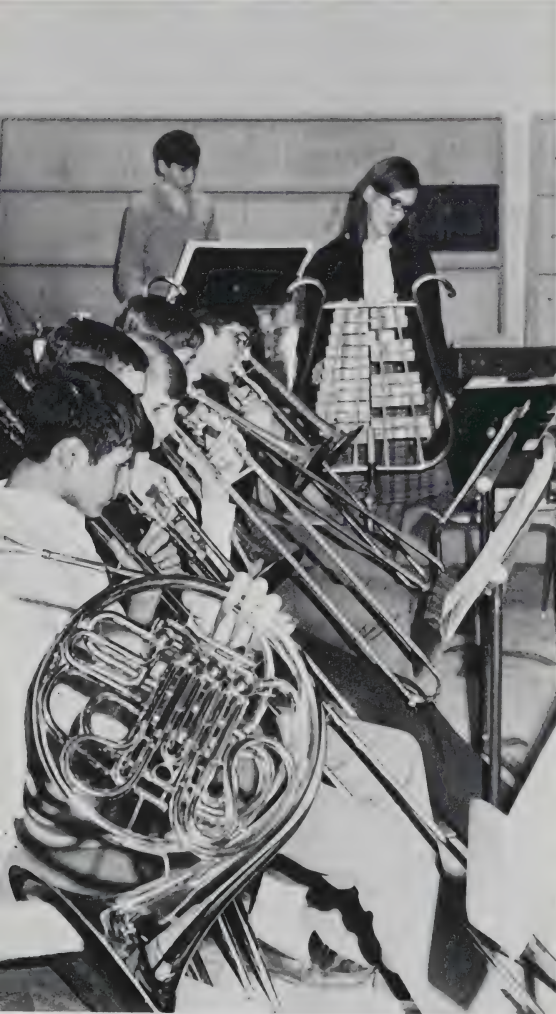

Bookkeeping students learn to prepare for business operations in the future.

Mr. Hugh Jackson attempts to put across the fundamentals of math to his future Business students!

Music

The bass provide the bottom of the band. The fluteists just blow any note at all.

The bells tunelessly break the air with peals. The big tom-tom is our tympani. Trombone players endure sore arm muscles.

1st seat clarinetist struggles to cover up his section's squeaks with his mellow (?) tones. Finally awake, the drummers beat out a tune.

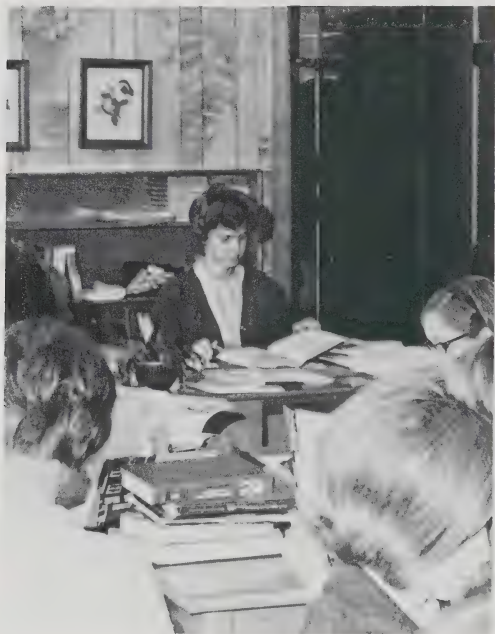

"Will you please get quiet and sing?"

The outstanding saxophone section struggles to set standards for the rest of the band. Trumpets set the rhythm and tone.

Girls are made more aware of design and fashion.

Mrs. Forte's girls learn the way to a man's heart.

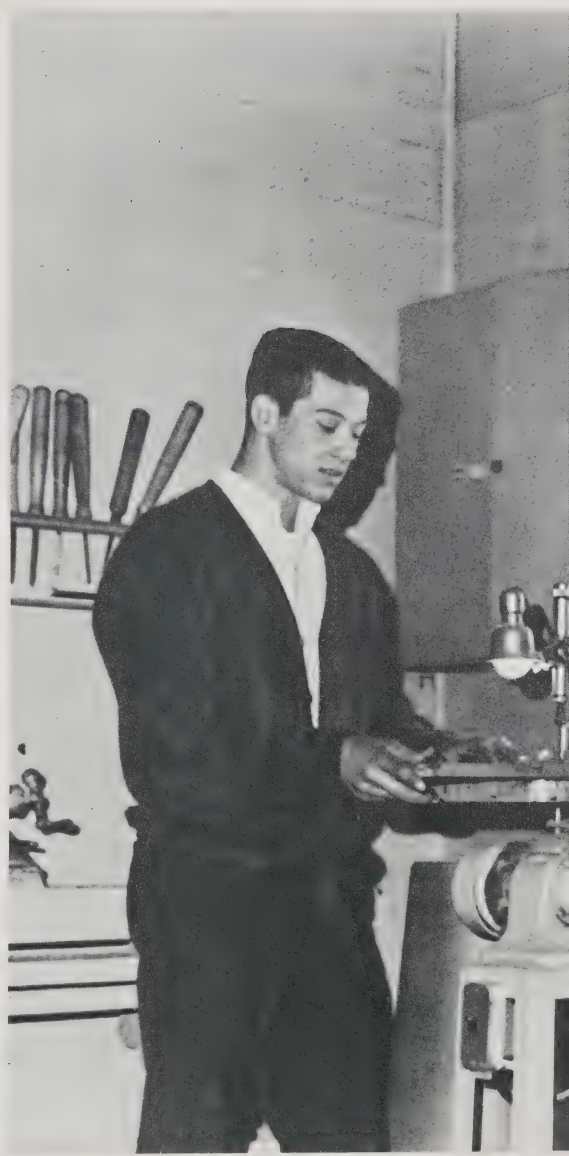

Senior girls are coached in the act of "catching and keeping" a man.

Agriculture I is a course of the basic principles of farming and associated business.

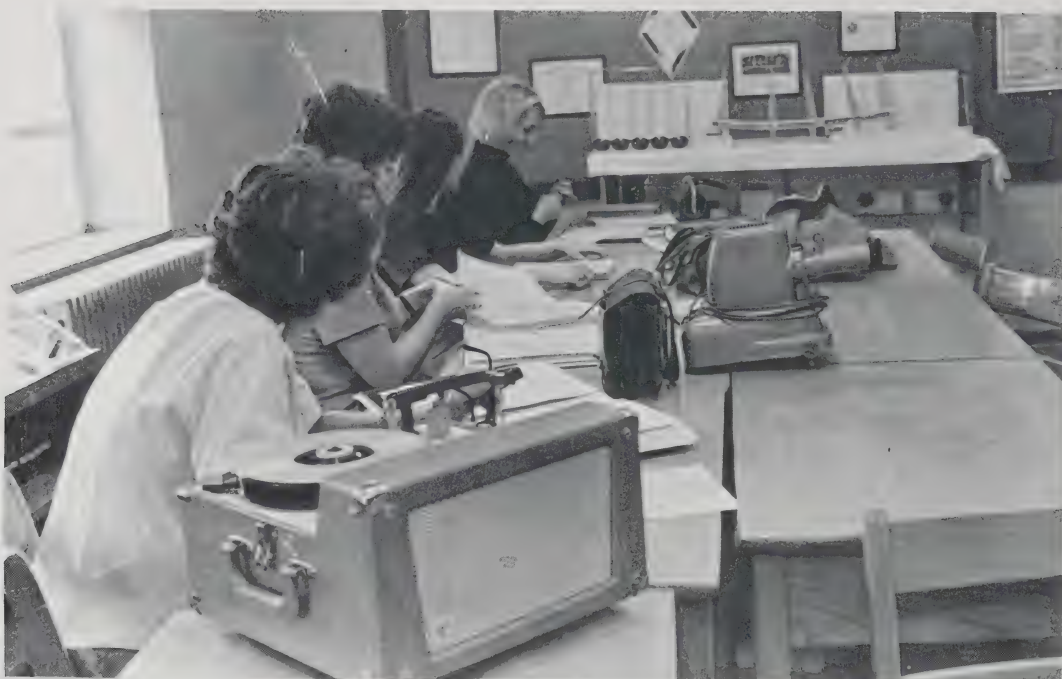

Agriculture II is a more thorough application of the skills acquired in first year agriculture, therefore, preparing oneself for a career in the technical world.

Vocational

Distributive Education

D.E. promotes job training in our school.

Mrs. Snipes prepares her students for the business world.

A D.E. student exercises newly acquired skills.

P.E. Boys get ready to "catch"
Coach Tart's instructions.

P.E. II girls learn the art of acrobatics and pat-a-cake.

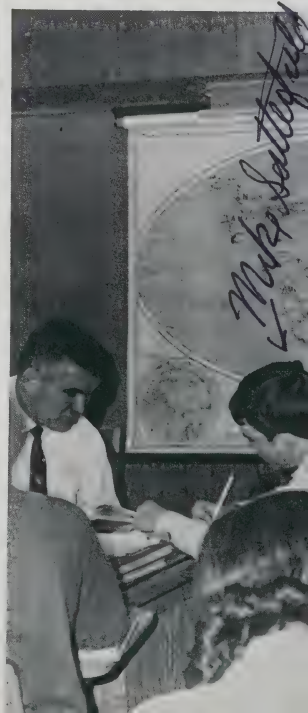

To reach one's toes is to hit
the bottom.

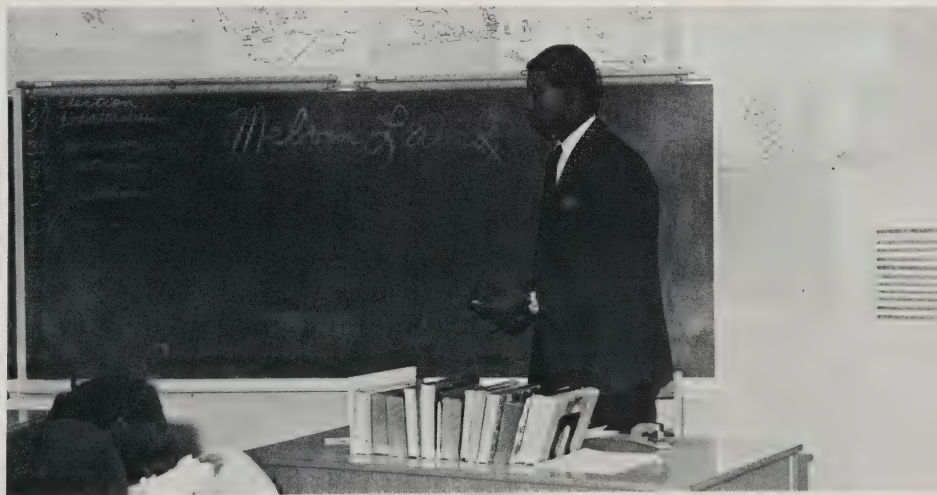

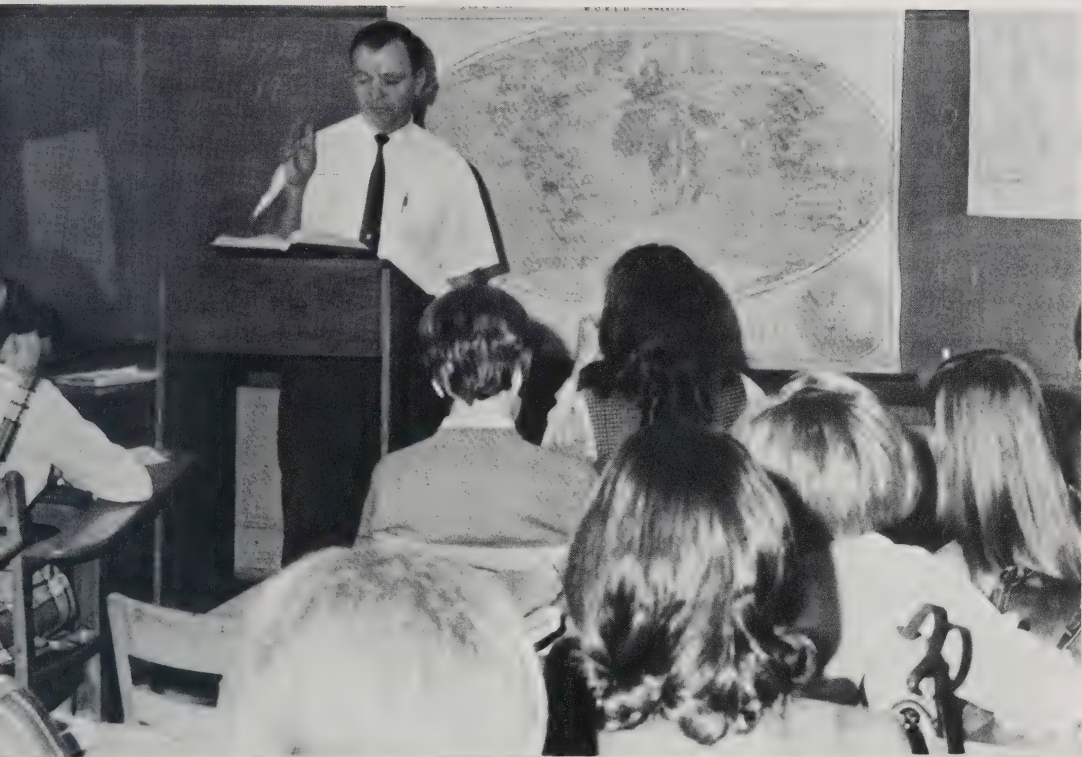

History

Pencils broke and ink splattered as Social Studies students suffered under the strain of history. In United States History and World History classes, the histories, ideals, and problems of the mixed nationalities were examined.

class eliminates international problems.

The World Geography class listens enthusiastically to Coach Tart's monologue.

The civics class studies . . . something.

The Senior class of 1968-1969 would like to thank Andy Griffith for his consent to choose the 1969 Miss Echo.

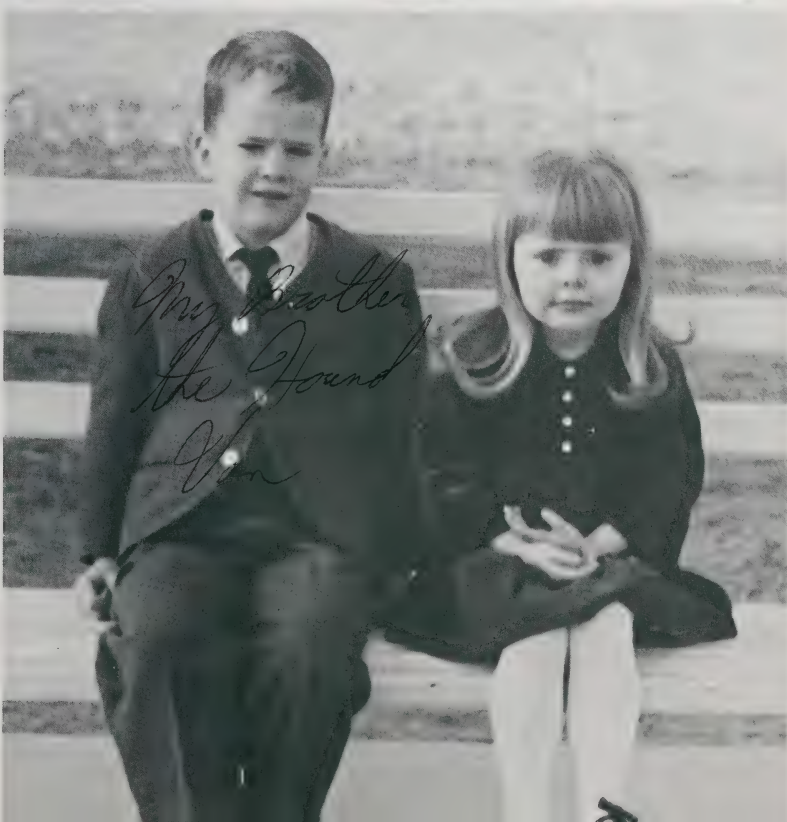

Henry
 You are really A-1. Just being one of your friends
 is the great honor. Our Senior year is at its end and I may
 say it has really been great. Our highest **Seniors** class
 with Mrs. Mullen and your enchanting stories were really
 great. You are a very outstanding person on the class & school.
 You should have the best life has to offer. Here's wishing
 a great guy the best.

THE 1968-1969 ECHO STAFF proudly presents this 1969 ECHO to the student body of Dunn High School. Planning, nightly sessions, typing, identifying, cropping, problems, and DEADLINES were integral parts of this annual production.

After meeting a tough deadline, the staff takes a well-deserved break.

 vived our

 our future to look

Henry,
 You're finally
 through with this
 place but you're doing
 a lot for this school by
 being in the band and showing
 Drum High School does have some
 talent in some things. I enjoyed
 the band tapes and talking to you in
 study hall, when you weren't busy
 sleeping. Our study hall was so exciting
 anyway. Have fun at Campbell. I know
 you will because you'll be so close to
 "Big Drum. Keep having success in whatever
 you do because you desire it.

On behalf of the 1969 ECHO Staff, I would like to
 express deepest thanks to the following:

The student body of D.H.S. for buying annuals.

The local businessmen, without whose advertise-
 ments this annual would not have been possible.

The faculty and administration for their support
 and advice.

The Hunter representative, Mr. Bob Chappell, who
 gave us professional advice and ideas.

Hunter Publishing Company of Winston-Salem, N.C.

Olan Mills who processed school pictures.

Mr. Buzz Pope who lent us use of his photography
 to make our annual more complete.

Mr. Harvey A. Eldridge, Jr., the ECHO sponsor, for
 his constant aide, advice, support, and know-how.

The 1969 ECHO Staff who solicited ads, typed copy,
 identified pictures, printed pictures, and helped plan
 layout. I cannot thank those members enough who
 unselfishly gave of their time and talent in order to
 make this yearbook one that we can all truly feel
 proud of.

Sincerely,

The Editor, M.A.W.

only have a few more days left before we
 leave this hole for good. Take it easy
 this summer and tell everybody hi
 for me. Best of Luck

Henry -
 It's really been some year hasn't it? We had quite a
 time in Math II! Of course the real times were in Band!
 all those football games + parades. Right!
 But it's almost over - Whoopee you!
 Take care and Best of luck from now on!

Well hell, we finally made it and graduation is upon us. We sure have had a lot of fun this year especially English with Mrs. Muller. The Lake wouldn't have been the same unless old Henry was down there playing and raising hell.

Good luck in the future

This was our year -

Henry,

First of all I want to tell you to be sure and take care of Mike in those comb trips. As you probably already know I hate the whole mess, sometimes more than others. How can we ever get married with this in the way ???

This year has really been great from the beginning to the end. Looking at your good-looking face in English everyday really did wake me up but certainly put you to sleep. Right! I feel sure I will see you some this summer if

from the beginning

Mike and I hold out that long. But in case we don't, I hope to see you again before I go off to school next year. Good luck in whatever you undertake in the future.

...to the end.

Always,
Cherry

Henry,
(Jimmy) Jr. Well Henry, baby, this year is almost ~~comp~~ completed, but the good times are yet to come. After school the summer starts & then you don't have to worry about coming to school with a hang over. And then you start at Langdell & make a career man. This year wouldn't have been the same without you in English for me to know things at while you were catching up on your lost sleep after a rough weekend. Or out at the pit listening to you shoot the shit. I do wish that you would change your mind & go to E.C.U., because we could have a good time. I'll probably see you around this summer at some "joy house" keep the cards shuffled!

Keep in touch with
our friends at
Raleigh.

lots of luck to
a well talented
guy who deserves a
lot.

Gary

Henry,

There are many, many things that I would like to say, but I will let the "buried lie." There is no way to describe my thoughts about you for the last 2 years. You're the only person that I ever knew that I could not figure out for sure (best?)

You probably know by now, that I am a brother. I'll never know how you put up with me. You have a lot of patience?

Next year, I'll be gone away, but I still hope to see you sometime. You better believe that whenever you're playing in Raleigh, I'll be on the front row (and I'll not drink anything on the way. after all, I want to be sure that's you I'm looking at.)

My mother has always said (& still does) that I've never been interested in any boy except for you. Maybe she's right, but then all the others were too easy to figure out and were all alike!

Once in a while think back and remember me. (maybe when you light a cigarette?) You're really a wonderful person and if you want it, the whole world would bow to you!

See you next year & don't flunk out! Please take care of yourself. I worry about you being so thin. Ad. Love you, Henry's
I love you,
I'm sorry I took
up so much
time

Henry, (Soul)

Well this has really been a great year and one I'll always remember. The past two years I have really enjoyed getting to know you. Because of your abundance of talent I'm sure you'll be a success at anything you try in the coming years. Remember only the strong survive. Best wishes always.

Johnny Landen

Henry - (Curt)

Boy it has been a pleasure being in some of your classes these four years in high school. I remember when you were the star on the football team! Also on the Basketball team also! Henry old pal that was the good old thing in the good old days! I can truthfully say that we have really raised some hell at the "Lake" Cat's Eye and even when The Cavaliers play down at White Lake! Henry I have really enjoyed watching you play in the big high-time bands - But really I think the best band was the old Cavaliers - Hobson, Walt, Tommy Ralph and Wellons and the rest of the crew. Henry to me you are more than just a pal - I know you will ~~be~~ make the big band - Before too long you will probably be playing in "Soul Brother No. 1" James Brown's orchestra! Best of luck to a great and wonderful person! a friend, indeed; Mike Satterfield
